Dear Sir.

Will you kindly order the Liberator to be sent to me for six months. I should pay for it in advance, but do not know the cost.

May I add my hope that you will before long revisit England & receive such a welcome as I am sure the People would give you, for they are not deceived as to the merits of the great struggle of the age. I feel as though

I could not close my note
without expressing something
of the grateful admiration
with which many of us regard
you & other Abolitionists who
are striving to secure equal
freedom to all irrespective
of colour and sex.

I am very respectfully
Helen P. Bright

(Daughter of John Bright.)
